HOW TO SET UP YOUR E-ZPASS ACCOUNT:

STEP 1: SIGN UP

Apply online.

Call E-ZPass.

Go to a Customer
Service Center.

Mail in an
application.

Get an E-ZPass On-the-Go
at a participating retailer.

STEP 2: CHOOSE

Choose to fund or replenish your E-ZPass or E-ZPass Flex account automatically or manually:

Automatic Replenishment

Automatic is the most convenient and popular way to manage your E-ZPass account. When a low balance level is reached, your predetermined replenishment amount transfers to your E-ZPass account from a credit card or checking account.

Manual Replenishment

Add funds to your E-ZPass account by phone, online with a credit card, with cash or check at one of the nearby E-ZPass Customer Service Centers, or with a Reload Card at participating retailers.

STEP 3: MANAGE

After you set up your account and install your transponder, there are many convenient ways to manage your account:

Sign up for email and
text notifications.

Make sure your E-ZPass account balance stays positive. E-ZPass does not pay for toll facility invoices you receive in the mail—you'll have to pay them directly.

Keep your account information up-to-date with your vehicle license plates, contact details, payment methods, etc.
